

# Y-TYPE RACKETS

## STRINGING INSTRUCTIONS

This racket stringing pattern is 14x18 and these instructions string the racket in a one-piece format.

### Mains

Start at the top.

Skip 7H both sides. (H = Head)

Skip 6T and 8T both sides. (T = Throat)

### Crosses

First cross at 7H

Last cross at 6T

### Crosses

On short side left do not put in 7th (Last) main. Instead go from 6H to 7H & put in top cross string. Tie off at 5H right.

On long side right 7th main goes from 9t to 6T and across to 6T left. i.e. bottom cross.

Then from 6T left into 9T left. Up to 8H i.e. last main of short side.
